

Don Och's Sound Library  
654 Chynoweth Ave.  
San Jose, Calif. 95136

Dear Sound Library Customer,

Having just acquired the complete collection of programs previously known as Blalock's Sound Library I am anxious to inform those of you who were previously Bill's customers. As you can see by the name I chose that I wanted to keep the name as close to his as possible; it even rhymes, and with the blank space in the middle has the same number of letters. The man as well as the quality of his material makes me very proud to be the new owner of his outstanding collection which he spent years building.

~~I will try to do things as he did. As he conveyed to me the importance of maintaining excellent quality in the retaping hopefully you will not notice the difference between Blalock's and Don Och's quality of material.~~

If you are not satisfied in any way feel free to bring any problems to my attention and it will help me as well as please you when they are taken care of.

Hope to hear from you soon. Upon ordering tapes, if you have paid for the catalogs I will have a record of your payment in my files and the sum will be deducted from your balance.

Sincerely,

A handwritten signature in cursive script that reads "Don Och". The signature is written in dark ink and is positioned above the printed name.

Don Och
